

JASPER COURIER.

-Sugar making weather.
-Get ready for the Spring work.
-The back bone of winter is gone.
-Are your troughs and buckets ready?
-Give us an invite when you're "stirring off."

-We wouldn't object to paying for several gallons of maple syrup.

Several minors were on the streets intoxicated Tuesday night. Shame, boys!

The bad weather Saturday last wrecked the township institute in Patoka township.

Trustee Burger informs us the schools in Bainbridge township will be 100 days long. In Madison township they will be 95 days long.

ISSUES.—Mr. Wm. P. Owen, adjudged insane, was taken to the Asylum at Indianapolis, by Sheriff Schneider this week.

The street lamps make getting around at night in Jasper more pleasant. The streets are well lit. Thanks, town dadd!

The Huntington Water and Gas Company have purchased real estate, and are ready to contract for drilling 1,000 feet with some competent drillers.

Mr. Joseph Jochim has been employed by the Town Board to attend to the street lamps for two months. A very good selection, as the lamps are properly attended to.

Major Stiles, the Chief Engineer of the proposed Indiana coal railroad, who surveyed a line several years ago from Jasper to Portersville, died recently in Maryland.

The street lamps arrived last Friday morning, and quite a number of them were put up that day and lit at night. No more groping around in the dark, when you have to do an errand after night.

"My little son, three years of age, was terribly afflicted with scrofula. His head was entirely covered with scrofulous sores, and his body showed many marks of disease. A few bottles of Ayer's Sarsaparilla cured him."—W. J. Beckett, Hymers, Ind.

Dr. W. H. Cotton, dentist, has concluded to remain in Jasper and may be found at Louis Gramsch's corner, opposite the Indiana Hotel, where he is prepared to do all classes of dental work at reasonable prices. Work warranted. Consultation free. The best of recommendations.

St. Valentine's day next Tuesday, and as this is leap-year many marriageable ladies are expected to take advantage of the bird's mating day, and use the liberties of the male to curtail the liberties of males, and enlarge their own. Mr. Gorman has a supply of loving misfires for all.

REVIVAL.—The series of revival meetings in Ireland led by Rev. O. A. Bennett, closed Sunday night last, because the workers were worn out. There have been 85 conversions, and the conversions have been about equal between the Methodist and Cumberland Presbyterians. It is thought much permanent good has been accomplished.

The Courier acknowledges the receipt of some handsome wedding cake from the spread set out by Mr. Andrew Johns and his fair bride. Andrew starts out early in married life, not being 21 years old yet. But with loving hearts, and steadfast dispositions, an early start has its advantages. May their married life be one of unclouded bliss is our wish.

Attention is directed to the advertisement of Mr. J. N. Hurty, analytical chemist, of Indianapolis, in another column. Mr. Hurty is a thoroughly honest chemist, who has an established reputation for reliability of his assays. Citizens of this county desiring ores tested cannot do better than send them to Mr. Hurty, at his reasonable advertised prices. He will let you know just their value, promptly and correctly.

BOYS.—Mr. Jos. Kline says tramps are coming round pretty lively, and a nice little boy was welcomed at his house on Saturday last.

Mr. Jos. Sahm "sat 'em up" lively this week in honor of a nine pounder boy at his house.

Mr. R. Fink says they may all talk about their boys, but his little girl will beat them all.

PERSONAL.—Mr. John Mehne, of Portersville, called Saturday last, as he was returning from Cincinnati, where he had been looking up bargains for his customers.

Meers, Traylor & Hunter got back from Petersburg Friday, it taking nearly three days to hear testimony they were taking.

Mr. Geo. Bohnert, of Oakland City, came up to Jasper Monday to spend the time with old friends while he was awaiting the insurance adjusters. He returned Wednesday.

Mr. Tobias Herbig will leave next Monday via the Air Line to attend the Mardi Gras festivities at New Orleans.

Quite a delegation of Kentuckians, headed by Mr. Morris Fischer, State Geologist of Frankfort, Ky., came over the R. R. Sunday on a prospecting tour to the Back Shells Silver Mines. The party was composed, besides Mr. Fischer, of Messrs. D. W. Sanders, a Louisville newspaper reporter, Dan O'Sullivan, of Louisville, and Robt. B. Tripp, R. B. Mathews, John Anderson, of Owensboro, and C. Jones, of Dale. They each took away as much of the rock from the mine as they could "take with," and will start smelters at home with it on a scientific scale, and determine whether they want to buy Dubois county for the silver in it. There's no doubt but "there's millions in it."

For a good and cheap roof or guttering, you will find L. F. Shady to be the cheapest, considering quality. tf.

Persons have been granted this week by this Democratic administration to Thomas Jones, Santa Fe; Polkman Kagle, Huntington; James Edwards, Augusta; minor heirs of Salem Curtis, Ellsworth, in this vicinity, besides about 100 others in Indiana.

One Bottle Cured Him.

A. E. Thompson, Rockford, Ill., writes: "I have been troubled with Catarrh for years, nothing helped me until I tried Papillon Catarrh Cure. I followed directions, and with less than one bottle, I am cured." Papillon (extract of flax) Catarrh Cure will positively and permanently cure Bronchial Catarrh, Acute or Chronic Catarrh, also Rose Cold and Hay Fever. Large bottles \$1.00. 2.

Shively Post, of Huntington, will give a grand entertainment to-night, which should be well attended by the citizens of Jasper. Excursion rates have been secured from Jasper, and a special train will leave at 6:30 p. m. Returning, leaves Huntington at 11:30. Corporal Tanner, the renowned silver-tongued orator, will first deliver his lecture, after which, all who desire, are especially invited to partake of an old fashioned and "Free Bean Supper."

Some miscreant broke Hanton's photo show case to smithereens Tuesday night, knocked a big window-light out of Woodman's front door. It is probable he cut his hand in the operation, and he should be found out and made to pay for it, and a fine in addition. Such rowdies are disgraceful, and are becoming too common in Jasper. Our Marshal should wake up, and ferret some of the parties out and bring them to justice. A heavy fine or two would be a healthful application.

\$500 Reward.

For the detection of arsenic or any drug in "Certain Chili Cure" that will harm the most delicate person. Fred. Papenmeier, Dr. St. Phillips, Ind., writes: "I had fever and ague for over a year, and tried all medicines without success. One bottle of C. C. C. 'Certain Chili Cure' cured me completely, since which time, about a year, the chills and fever have not returned."

For sale by Mehlinger Bros., Jasper, and Dr. Schwartz, Huntington. 1a.

MARRIAGE.—At St. Joseph's church, Tuesday, Feb. 7th, 1887, by Rev. P. F. Delella, Mr. JOSEPH HERRICK and Miss KATIE RATKE.

Also, at the same time, Mr. ANDREW JOHN and Miss LOUISE BROSCHER.

These weddings were largely attended by friends of the high contracting parties. The Star band met them with music as they came from the church, and escorted them down town, and "joy ruled unconfined," while at night the merry dancers chased the hours with flying feet till daylight and longing stomachs urged them to rest.

FIRE.—Another big fire in Oakland City on Sunday, \$50,000 loss; about \$27,000 insurance. Among the losers was Mr. Geo. Bohnert, formerly of Jasper, who had a stove and tin store completely destroyed. He says the fire burned so fiercely that not an article of his stock was saved. He had a stock valued at \$1,700 or \$18,000, and was insured for \$1,000. He thinks he will be able to get a room which will do for his business until the block burned can be rebuilt, and will resume business in a short time. He says the buildings were in the fire limits and will now be replaced by brick ones.

Some of our business men send away for their common printing to the city. We would ask them if this is a business way to build up a town, when we are prepared to do their work fully as well? Suppose all our citizens send some where else for what they need, how long would our factories, shops and stores, any of them do a paying business. "Live and let live," and "help each other," are good mottoes to build up business in a town, and no person will succeed with a "dog in the manger" disposition. We are glad to testify that our business men generally appreciate this fact, but there are a few who need the admonition.

The Verdict Unanimous.

W. D. Salt, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hara, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Mehlinger Bros. Drug Store. 2.

Township Candidates.

Dr. F. L. Coble is announced as a candidate for Trustee of Harrison township. The Dr. is one of the enterprising, energetic citizens who have done so much to make a prosperous thriving town of Dubois in the past year or two. He would make a good Trustee, if elected, but it is doubtful if any but a German citizen can be elected in that township.

Mr. JOSEPH ECKSTEIN is out for Trustee of Bainbridge. "Joe," as most everybody calls him, is "native and to the manner born," having lived all his life in the township, and knows its wants and sympathies with its needs. He is the popular manager of the lively stable of Kunkel & Eckstein, will make a strong race, and if elected, a good Trustee.

Mr. HENRY PRAY is also making the race for Trustee of Bainbridge. Mr. Pray for most of his life was a hard working farmer, but for several years past has been working in Gramschpacher & Co.'s planing mill as a hand. He is industrious and honest, and the township interests, should he be successful, will not suffer at his hands.

We understand there will be two or three more candidates in this township, and the "dear people" will not be restricted for a choice.

For RENT.—Two residences in Jasper of four rooms each. Apply at Courthouse. tf.

By a dispatch to the Sentinel we see our Congressman, Hon. J. M. O'Neill, has made his "maiden speech" in Congress. We'll bet it was a good one.

James F. Pro and William Temple, of English, have purchased the Democrat office outfit at Orleans and will move the same to English where they will embark in the newspaper business.

No other medicine is so reliable as Ayer's Cherry Pectoral, for the cure of coughs, colds, and all derangements of the respiratory organs. It relieves the asthmatic and consumptive, even in advanced stages of disease.

The Tontona Building and Loan Association loaned \$1,600 last Saturday night, at an average premium of 64 per cent.

The Jasper Building and Loan will sell money next Tuesday night.

Have you Malaria in your system, which you have been fighting with quinine unsuccessfully? Send one dollar to Dr. A. T. Shallenberger, Rochester, Pa., and get his Antidote by mail. If it does not immediately cure you, send a postal card stating the fact, and the dollar will be returned to you promptly. This offer is made to those who have lost faith in everything.

Some young smart Alecks have great sport in blowing out the street lamps. A few have been spotted. It is now proper for the town board to pass an order to fine all such, and this thing would not be near so funny. A fine of two dollars and one week in the county jail would be a good remedy, perhaps. Must the public suffer after going to the expense of buying these lamps, in order that these boys may have their sport?

The New Albany Public Press, which enjoys the unenviable distinction of being the only Democratic paper in Indiana opposing Cleveland's renomination, offers some tempting premiums for subscribers, in another column. Mr. Gwin wields a trenchant pen, and if he don't go with the majority he gives reasons for his faith, and makes a very readable paper. And we guess he will be all right after a while, too.

The Greatest Discovery

Of the nineteenth century, can truly be said of Papillon (extract of flax) Skin Cure. Thousands testify to its wonderful curative powers in seemingly hopeless cases of Eczema, Salt Rheum, Erysipelas and every kind of skin disease. Mr. O. P. Algier, of Hartford, Ohio, tried everything he heard of or saw recommended, and suffered five years with Eczema until he found Papillon Skin Cure, which cured him. Large bottles only \$1.00. 2.

The papers which get their illustrations from the American Press Association, are all publishing a very fair portrait of Hon. Sam. Kercheval, the redoubtable Republican leader, wire puller and legislator of Spencer county, and labelling it "Albert Fink," the great railroad rates adjuster. If Sam. wielded as much anticratic power as Fink, there wouldn't be a greaser pot left of a Democrat in Spencer county. But he don't, and Spencer has a Democratic majority.

Examination of County Graduates

The examinations of pupils completing the course of study in the common branches, in Dubois county, will be conducted by teachers named in the Manual of Dubois county, at the places specified, on the 3d Saturdays of February, March and April. The County Sup't will grade the manuscripts, but the examiner will report the grade of each pupil on the oral reading, valued from 1 to 60. Diplomas will be issued where the general average reaches 75, and is not below 60 in any branch.

Hall Township Trustees.

CELESTINE, Feb. 7th, 1888.

MR. DOANE:—We send you this week the name of Mr. John Kenney for Trustee of Hall township, with the hope and belief that it will meet with the favor of a majority of the voters of this township, nearly all of whom are acquainted with him. He has taught school for several years, with general satisfaction to the patrons of his schools in several districts. We think he would make a very good Trustee to manage school matters, on account of his experience as teacher, and that is one of the principal duties of the office, while he is, also, thoroughly competent for the other duties. With nothing against any other candidates, we are heartily in favor of Mr. Kenney, as being capable, honest and Democratic.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at Mehlinger Bros. Drug Store. 2.

TOWNSHIP ELECTION

Monday, April 2, 1888.

HALL TOWNSHIP.

MR. JOHN J. MESCHER, is a candidate for Trustee of Hall township, and solicits support of all voters. MR. DOANE:—Please announce the name of JOHN MESCHER as a candidate for Trustee of Hall township. Mary Vernon.

HARRISON TOWNSHIP.

MR. F. L. COBLE, is a candidate for Trustee of Harrison township, and solicits support of all voters.

BAINBRIDGE TOWNSHIP.

HENRY PRAY is a candidate for Trustee of Bainbridge township. JOSEPH ECKSTEIN is a candidate for Trustee of Bainbridge township.

THESAUROUS Found by using Mineral Balls or Rods, such as gold, silver or lead. Made by G. S. Orr. For further instructions, address G. S. Orr, Leavenworth, Crawford Co., Ind. 3m.

Friedman, Scheirich & Co.

Home Economy.

Home is woman's domain, and she is entitled to everything that can be added to spare her much annoyance and hard labor. There are many conveniences, which if brought in use, are inexpensive, and will materially lighten the burden and labor of the housewife. Prominent among these conveniences is the Wapakana Porcelain Churn, which is meeting with such remarkable sale and success wherever introduced. Who ever sees these churns will need no explanation of the reasons for the great demand. This churn is sold solely on its merits, and we do this knowing that wherever it goes it will make a clean record. The following are a few of the many advantages conceded to the Porcelain Churn by all who have used them, viz: 1st, A great saving to labor. 2d, It is so constructed that it absolutely can not leak. 3d, The quality of the butter; the inside parts being such as not to injure the grain of the butter. 4th, The quantity of the butter; the construction of the dasher being such as to subject all of the cream to an equal amount of agitation, causing the butter to come very evenly, thereby producing more butter from a given amount of cream than any other churn can. 5th, The ease of removing the butter and washing the churn. The entire top of the churn is open when the cover is taken off, thus giving abundant access for removing the butter. All this is required to thoroughly cleanse the churn is to put in some hot water and give the crank a few turns. In appearance, it would be an ornament to any room in the house.

To responsible parties we will give this churn on ten days' trial. For sale by Friedman, Scheirich & Co., Hardware Store, corner 2d and Jackson Sts., near R. R. depot, Jasper, Ind.

1888. . . 1888.

CASH BUSINESS!

Henry Rudolph, Jr.,

HAYSVILLE, IND.

RETURNER thanks to the people for their liberal patronage in 1887, and announces that for the year 1888, he will sell you goods MUCH CHEAPER, but strictly on a cash basis, though he will take Produce on Cash, delivered when goods are purchased. You will find this better for all concerned, "QUICK SALES AND SMALL PROFITS."

PARTICULAR NOTICE.

All indebted to me are requested to call and settle promptly, as my books must be squared. HENRY RUDOLPH, Jr. Jan. 13, 1888.—ly.

To Save Life

Frequently requires prompt action. An hour's delay waiting for the doctor may be attended with serious consequences, especially in cases of Croup, Pneumonia, and other throat and lung troubles. Hence, no family should be without a bottle of Ayer's Cherry Pectoral, which has proved itself, in thousands of cases, the best Emergency Medicine ever discovered. It gives prompt relief and prepares the way for a thorough cure, which is certain to be effected by its continued use. S. H. Latimer, M. D., of Mt. Vernon, Mo., says: "I have found Ayer's Cherry Pectoral a perfect cure for Croup in all cases. I have known the worst cases relieved in a very short time by its use; and I advise all families to use it in sudden emergencies, for croup, croup, &c." A. J. Eldon, M. D., of Middletown, Mo., says: "I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physicians. One bottle and a half of the Pectoral cured me." "I cannot say enough in praise of Ayer's Cherry Pectoral," writes E. B. Bragdon, of Palestine, Texas, "believing as I do that, but for its use, I should long since have died."

Ayer's Cherry Pectoral,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists. Price 50¢; six bottles, \$3.

August 5th, 1887.—ly.
